The ideal Beverage with hot or cold Dishes

These make up the usual Dutch lunch—but what will you serve to drink?

For years the host and hostess have been asking themselves that same question—especially whenever the occasion happens to be one of those cozy little after-theatre or "in-between-times" parties. Now, there is a ready answer—

Bevo

This distinctively new creation in soft drinks is sparkling—snappy—delicious. It is healthful with the wholesomeness of the choicest cereals—appetizing with the bouquet and agreeable bitter tang which only choice hops can impart. It is sure to "hit the spot"—sure to encounter no prejudices.

WAS IT THE HARBINGER OF SPRING?

According to "weather prophets," the first thunder and lightning in the latter part of February or the beginning of March awakens the snakes and bring shad and herring into the river. If this theory be correct, ophidiomans will soon be moving and the fishing season will be on, as this section was visited at an early hour this morning by nearly all the elements. There were copious rainfalls, high winds and thunder and lightning, followed by clearing weather and a decided drop in the temperature.

While cold snaps are likely to occur during the next forty or fifty days, it may be assured that the severe winter of 1917-1918 is about to become a thing of the past.

Ice in all the creeks and inlets that empty into the Potomac river and Chesapeake Bay is going out with a rush, releasing a large fleet of trading boats that for weeks have been held in leash by the storm king, and the story goes that those boats are said to be loaded with eggs, poultry, oysters and other choice edibles which will soon be on the market.

The Norfolk and Washington steamboat company announces that in consequence of traffic conditions as being in a normal state on the river, regular runs of steamers of its line are being made to Norfolk without difficulty, and travel has increased very materially within the last day or so.
